Condensed Matter

Zeitschrift für Physik B

Editorial Board:

H. Bilz, Stuttgart
W. Buckel, Karlsruhe
M. Campagna, Jülich
J. Christiansen, Erlangen
J. Peisl, München
H.C. Siegmann, Zürich
T. Springer, Grenoble
P. Szépfalusy, Budapest
H. Thomas, Basel
J. Treusch, Dortmund
J. Zittartz, Köln

Editor in Chief:
H. Horner, Heidelberg

Coordinating Editor of Sections A, B and C:
O. Haxel, Heidelberg

Unter Mitwirkung der Deutschen Physikalischen Gesellschaft

Volume 51 · 1983

Springer-Verlag Berlin Heidelberg New York Tokyo

Founded in 1920. Edited with the collaboration of the Deutsche Physikalische Gesellschaft by *K. Scheel* and *H. Geiger;* Vols 124–141 (1947–1955) by *M. v. Laue* and *R.W. Pohl;* Vols 142–203 (1955–1967) by *O. Haxel* and *H. Jensen;* Vols 204–258 (1967–1973) by *E. Fünfer, O. Haxel, H. Jensen,* and *G. Leibfried,* from Vol. 259 by *E. Fünfer, O. Haxel, G. Leibfried,* and *H.A. Weidenmüller.* Vols 129–175 were produced with the collaboration of the Verband Deutscher Physikalischer Gesellschaften; from Vol. 176, the Deutsche Physikalische Gesellschaft. Published: Vols 1–4 (1921) Braunschweig, Fr. Vieweg & Sohn; Vol. 5 onwards, Berlin, Springer.

Starting with Vol. 272 (1975) Zeitschrift für Physik has been divided into two separate journals: Zeitschrift für Physik A (Atoms and Nuclei) and Zeitschrift für Physik B (Condensed Matter and Quanta). The title Zeitschrift für Physik B (Condensed Matter and Quanta) has been changed to Zeitschrift für Physik B (Condensed Matter) from Vol. 38 (1980).

Copyright It is a fundamental condition that submitted manuscripts have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform or any other reproductions of similar nature, and translations.

Photographic reproduction, microform, or any other reproduction of text, figures, or tables from this journal is prohibited without permission obtained from the publishers.

Special Regulations for the USA The Article Free Code on the first page of an article in this journal indicates the copyright owner's consent that in the USA copies may be made for personal or internal use, provided the stated fee for copying beyond that permitted by Section 107 or 108 of the United States Copyright Law is paid through the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA.

If a code does not appear copies of the article may be made without charge, provided permission is obtained from the publisher.

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the publisher for such copying.

The use of general descriptive names, trade marks, etc., in this publication, even if the former are not specifically identified, is not to be taken as a sign that such names are exempt from the relevant protective laws and regulations and may accordingly be used freely by anyone.
